Hello! My name is Arlind Karpuzi and I am running for the office of President of the University of Pittsburgh’s Student Government Board. I am a junior in the College of Business Administration majoring in Finance and Marketing with a minor in Economics.

My involvement began in the fall of my freshman year with the Elections Committee on Student Government Board. I was immediately exposed to the different ideas and directions that each candidate envisioned for the University. The pride that they had for their school was inspiring, and from then I knew I wanted to give back to the establishment that had given so much to me. From there, I applied and was appointed to the position of SGB Chief of Staff where I had the opportunity to work closely with the President, and gained insight on what the position entails and the work that goes into representing the University. It was through this work that I decided to continue in SGB and run to be a part of the Board. I’ve also had the amazing opportunity to become a Resident Assistant in the Quad where I put on programs to enrich the lives of the students not only for my floor but the entire Quad. Also, I have been able to meet great friends by being a brother in Pi Kappa Phi, which is an organization that has truly let me grow not only as a student but as a person. I’m an ally because an ally is someone joined with another for a greater common good.

I am more than excited to have this opportunity to be part of Student Government Board. Please feel free to email me at ark110@pitt.edu if you have any questions about my initiatives and as always Hail to Pitt!

Finance and Marketing

Hello! My name is Ciara Barry, and I am running for the position of Board Member of the University of Pittsburgh Student Government Board. I am a junior pursuing a degree in Finance and Marketing in the College of Business Administration. Through my leadership roles as the Vice President of the Lady Panther Club Lacrosse team and Recruitment Chair of Phi Beta Lambda, I believe I have the experience that would help make me an effective Board Member of SGB.

I’m an ally because the University of Pittsburgh means a great deal to me, and I want to make an impact on campus in my time here as a student. If elected, I would work on creating programs to help educate leaders of student organizations how to make the most out of their funding efforts, in order to increase student satisfaction and decrease organization dues. Another initiative that I would work on, if elected, would be the continued and improved programming on health, wellness, and positive body image. I wish to bring my network and passion for helping others develop a healthy lifestyle and mindset to this campus and push the movement that has been placed before me. Finally, I would work to improve field time and facility scheduling efforts for Club and Recreational Sports by working with administration and the facilities department.

It would be an honor to serve as a Board Member of the 2017-2018 Student Government Board. Please feel free to reach out to me at CLB202@pitt.edu with any questions. Hail to Pitt!

Ciara Barry
Board Candidate

Finance and Marketing
Greetings! My name is Zuri Kent-Smith, and I am running for the position of Board Member on the University of Pittsburgh’s Student Government Board. I am a sophomore Economics major with minors in Chemistry and Africana Studies. I plan to enter the field of public health dentistry with a focus on cultural competency and healthcare policy. I currently hold positions as the Vice President of the RISE Mentoring Program, an RA in Nordenberg Hall, and a mentor at University Preparatory High School. These opportunities have allowed me to learn what Pitt’s community desires.

I am an ally because I listen, note challenges that communities face and take action to remedy the situation. I began a mission to initiate cultural counseling sessions for minority students regarding their experience, and these sessions are now in their final stage of planning. On Election Night, many students, regardless of their political affiliation, felt overwhelmed, and unable to prepare for their onslaught of exams. In response, I created a petition to have exams postponed that resulted in exams being rescheduled.

I would still like to advocate for students with disabilities, as there are still many daily inconveniences that they face. I would also like to work with Pitt admissions and administrators to foster a relationship with the Pittsburgh community to attract the best and brightest local students to Pitt, contributing to the school and their own community. Finally, I want to serve as a direct vessel for students to voice their concerns and grievances and know that they are being heard.

I consider myself blessed to have the opportunity to serve my fellow students, working hand in hand to better this university for everyone. I am always overjoyed to discuss any initiatives and can be reached at by email at zuk1@pitt.edu. Hail to Pitt!

My name is Nihita Manem and I am running for the office of Board Member on Student Government Board. I am a junior studying Neuroscience and Psychology with minors in Spanish and Chemistry. I am the Education Director for the Sigma Sigma Sigma Sorority, striving to make each member a more influential role model. I am also a sister of Gamma Sigma Sigma Service Sorority. My role in these organizations has given me the insight for what impact I believe I can do as a Board Member of SGB.

I am an ally because I want to serve as a leader to expand and diversify the experiences of students here at Pitt. As an “academic advisor” for the sisters of Tri Sigma and simply a friend to my peers, I see several students, from various backgrounds, struggle with mental illnesses. If elected, I want to work with the counseling center to offer more walk-in hours during the week, in hopes of reducing the stigma surrounding the issue.

Studying abroad has broadened my perspective about the difficulties of assimilating to a new culture. Student organizations are a great way for international students to find new friends in a new environment. If elected, I would to work with the Student Organizations Resource Center (SORC) and Student Affairs on having an international students’ activities fair, giving them more opportunities to get involved.

At the number 1 public collegiate institution in the Northeast area, it only makes sense that we take advantage of all the opportunities available. Becoming a SGB Board Member will be my way of tangibly showing my appreciation for something that has so strongly contributed to my growth. Please feel free to email me at nim69@pitt.edu. Hail to Pitt!
My name is Saket Rajprohat, I am currently a second-year here at the University of Pittsburgh studying in the College of Business Administration. During the summer and fall of 2016, I served as a Field Organizing Intern with the Hillary Clinton campaign. I decided to join the campaign largely because of the rhetoric Donald Trump was promoting throughout his own campaign. During my internship, whether they were Asian, African, Hispanic, or Native American, part of the LGBTQ+ community, rich or poor, we everyone came together to work toward all our goals. From those past couple months I have come to understand one defining creed. My fate is inherently tied to the success of my peers' fates. If I am not willing to stand up for the rights of everyone else, it will never be possible to achieve my own rights. Ultimately, I learned that we are stronger together. So it is with that mindset that I wish to run for Student Government. In a time where differences are seen as liabilities, we need to fight against the divisive mentality that drives us apart. I want to work toward bringing us together and embracing our diversity. I will work to expand our access to gender-neutral bathrooms and to make feminine hygiene products available in all bathrooms. As a current board member of FORGE, Facilitating Opportunities for Refugee Growth and Empowerment, I will also work to make a Pitt a sanctuary campus, one that is welcome to anyone that wishes to gain an education, regardless of status. I also wish to focus more of our attention on the University Counseling Center, making our students aware of the “It’s On Us” initiative and be able to guarantee counseling to those who need it. When we have each other, we are stronger together.
I am running to be on Student Government Board because I love Pitt and I am passionate about making it a better place. If elected, the three main initiatives I would focus on would be continuing on with the current sexual assault campaign, establishing healthier food options and bridging the gap between the student body and student government board.

The current Board has been working to review Pitt’s sexual assault policy and increase accessibility to victim resources. With the rising number of sexual assault cases occurring on campuses around the country, I think it is important to continue working to provide more assistance to victims and also creating stricter consequences for the culprit. I will work with the SHARE office and Pitt Police to see what resources we have available both for helping the victim and creating stricter consequences for the culprit.

Another important issue is getting healthier food options for on-campus meals. Currently, there is a lack of healthy options in on-campus cafeterias, especially for vegetarians and vegans. Though we all enjoy an occasional meal of pizza and fries, it is disheartening to finish a workout and find only unhealthy food in the cafeteria. I will work with Sodexo employees as well as fellow students who feel like their nutritional needs aren’t being met to create meals that are beneficial for everyone.

Lastly, I will work to bridge the gap between the student body and student government. Currently, there is low student turnout in all student government board proceedings including meetings and elections. By having meetings on topics that students and organizations are more interested in, we will not only increase interest in student government board but create better connections between the board and the student body. This increased communication will better allow us to serve the Pitt community.
My name is Max Kneis and I hope to represent our student body as your next Student Government Board (SGB) President. My academic interests in Finance and Accounting have led to my service as first a member of the Allocations committee, and to my current position as Vice President and Chief of Finance for SGB. I also have worked in the William Pitt Union Reservations Office, am a brother of Beta Theta Pi, and have held positions in Phi Beta Lambda and the Resident Student Association. These experiences have shown me the needs and perspectives of a diverse student body.

My desire to serve as your President comes from a drive to make Pitt a better place for all of us. I have seen firsthand the positive impact SGB can have, and I am committed to making sure all students understand that the Student Government exists to promote their interests.

My initiatives focus on student voice and input. I plan to lobby for a longer winter break to ensure that students perform at their highest levels during the spring semester. I would host open forums for concerns and questions that would promote collaboration between groups. Student voice would be amplified as I lobby for student representation on the Board of Trustees, the governing body that determines tuition levels. Additionally, students deserve a permanent place on the hiring committees for University administrators and directors who will be directly impacting them.

I am dedicated to advancing the interests of all undergraduate students and working hard on your behalf. The best changes on campus are made when the student body is heard; therefore, I am committed to promoting feedback from students across campus. I hope you consider me a worthy candidate to represent your interests at the University. Hail to Pitt!

Accounting and Finance

My name is Ian Callahan, and I am a junior Electrical Engineer running as a candidate for the Student Government Board. I am heavily involved in Engineering Student Council, where I have served as the Digital Media Chair and the Director of Finance. As Director of Finance, I was responsible for creating, defending, and balancing a budget of over $25,000. I currently serve as a Regional Co-Chair, where I am responsible for creating a conference that will include representatives from all over the North Atlantic. I am also involved with the Institute of Electrical and Electronics Engineers and with Pitt’s Marching Band. My experiences with all of these organizations have given me so much pride, respect, and admiration for what this University has to offer.

Two things I hope to improve if elected are as follows: first, I want to enhance the safety for all students, both on campus and off campus; second, I want to open up access for students and student organizations. I would like to introduce a “Blue Light” app, allowing students to utilize the blue light system even when not directly near one, to help increase safety for students on and off campus. I would also like to improve the shuttle services offered by the University to be more reliable and run for longer hours. In addition, I want to give student organizations more access to classrooms and storage spaces through EMS. Finally, I want to make it easier to double major and minor across disciplines.

I am passionate for ensuring the safety of all students on campus and opening up access for all students and organizations on campus. I hope that you consider me as a worthy candidate who will represent you and your interests on the Student Government Board. Hail to Pitt!

My name is Maddie Guido and I am running for Student Government Board to be an advocate for students across campus. I am a sophomore Biological Sciences major with a minor in Spanish, and I currently serve as the Chair of the student Allocations Committee. I joined the committee as a member during my freshman year, and immediately developed a passion for working with student groups across campus. I am also a member of Pitt’s Blue and Gold Society, as well as the Omicron Delta Kappa leadership honor society.

Having seen so many groups individually through the allocations process, I’d like to serve on the Student Government Board in order to engage groups in a more collaborative manner. I feel so much passion for Pitt and the students here. I have always loved being a part of change, and I’d love to serve as a catalyst for positive change for all Pitt students. If elected, I will focus on programs that will de-stigmatize and promote women’s and sexual health on this campus, starting with making this campus’ resources better known and more accessible. I’d also like to create a graduate mentorship program, helping students to learn more about potential graduate school majors at Pitt. Finally, I will advocate for the creation of a biology minor and work to make the allocations process as successful for student groups as possible.

Along with these initiatives, I aim to serve you all to the best of my ability and become a resource to other Pitt students. I love hearing new ideas, and seeing just how much the students at our university have to offer. I am honored to be considered one of your candidates, and I hope to represent you this year. Hail to Pitt!

My name is Ami Fall. I hope to represent our student body as a member of the Student Government Board. I am a sophomore studying Political Science and Psychology with aspirations of working in International Law and Policy. As a resident assistant at Holland Hall, a SHARE peer educator, and an active member of the Black Action Society and Students for Social Justice, I represent a diverse community of students on campus. I strive to promote an inclusive, culturally competent and safe campus environment where every student can have a truly extraordinary collegiate experience.

My desire to serve as a board member stems from my passion to empower students through the promotion of mental health awareness and sexual assault awareness, and the creation of a more inclusive campus climate. I will assure that the voices of students of all backgrounds and experiences are heard and foster an environment in which every student can thrive. Additionally, I will initiate modifications of the policies for multiple exams occurring within 24 hours each other, extending the time between finals. Furthermore, I will work toward improving lower campus recreational facilities, providing students with a greater array of fitness options. Lastly, I will work with the Title IX office to increase awareness of the dynamics of sexual violence and promote healthy relationships. Through providing resources, support, and arenas for open and insightful discussions, we will continue the fight against sexual violence.

I am dedicated to empowering students and creating lasting change at Pitt. As a member of the Student Government Board, I hope to play a part in unifying the student body and faculty, promoting cultural competency and inclusion, and spreading awareness of sexual assault and mental health resources. I would be honored to serve alongside other driven leaders to make Pitt the greatest it can be. Hail to Pitt!
My name is Emily North and I am running for a position on Student Government Board for the 2017-2018 school year. I am a sophomore in the College of Business Administration majoring in Marketing and Supply Chain Management with a minor in Studio Arts. I am currently the President of Delta Zeta and serve as an active member of the new organization FEM (Female Empowerment Movement). I previously had the opportunity of serving as the Communications Chair on SGB’s Election Committee, as a Marketing Intern for Student Affairs, and on the Marketing and Communications Committee for Women in Business. After getting involved in both Student Affairs and Student Government Board, I recognized that I wanted to take my passion for Pitt and for change a step further, which is why I decided to run for Board. If elected, I would first like to make major improvements within Pitt’s campus safety through expanding the Blue Light system, implementing a better SafeRider system, and sending Pitt Safety Alerts out to the student body. I will also work alongside Pitt Dining to regulate costs of food at venues such as Market To-Go, provide more affordable and healthy dining options for students, and limit food waste throughout campus. Finally, I want to create a strong coalition of Women Empowerment organizations on campus and within the community to offer more opportunities for female students.

I am so incredibly excited to be given the opportunity to run for a position that means so much to me. Please feel free to email me with any questions regarding my initiatives at een5@pitt.edu. Thank you and Hail to Pitt!

Hi! My name is Justin Horowitz and I am running for President of the University of Pittsburgh’s Student Government Board. I am a Junior studying Marketing and Business Information Systems with a certificate in Digital Media. Throughout my time here at Pitt, I have been given the opportunity to get involved in a variety of organizations on campus. I have served as the Entertainment Director of Pitt Dance Marathon, as the Philanthropy Chair of Beta Theta Pi, as an Allocations Liaison on SGB and as the President of the Interfraternity Council. These amazing experiences helped me discover my passion for Pitt, which inspired me to run for Student Government Board last spring.

I have had an incredible experience serving as a Board Member on SGB and have been able to work on many initiatives that I am extremely passionate about. There are still several issues that are facing our student body that I want to be an advocate for. First, I will continue my work with Pitt’s counseling services to ensure that these services are made readily available for every student that may need them. Second, I want to continue the work of sexual assault prevention by mandating that every student leader participate in The Green Dot Bystander Intervention Program. Finally, I want to work on creating a more inclusive campus beyond the Year of Diversity and Inclusion. This includes collaborating with each school to work on the recruitment and retention of underrepresented faculty, and forming an Advisory Committee for Student Climate Related to Diversity and Inclusion, which will meet with top administration on a regular basis.

I am so excited to be able to share and discuss all of my initiatives so please feel free to reach out to me at jeh173@pitt.edu. Thank you and Hail to Pitt!
My name is Alex Spenceley and I am a sophomore in the Dietrich School of Arts and Sciences studying Neuroscience, American Sign Language. I am very excited to run for a Board Member position in Student Government Board for the 2017-2018 academic year. I am currently a member of the Pitt Pathfinders, a sister of Gamma Sigma Sigma, a Brigader in the Pitt Water Brigade, and a part of the tutoring committee in Phi Eta Sigma. After having the opportunity to work with these organizations, I came to the realization that I wanted to get further involved with the university and work with the administration to further develop the Pitt experience for students. If elected to Board, I would like to work with advising to implement a system that gives students a say in the advisor they would receive. I would also like to work to obtain a “Reading Day” before finals so students can have an opportunity to learn new material and succeed in their classes. Finally, I would like to work on getting many of the online programs and certificates that students are required to get along with textbooks to pass the class, for free. Some of these programs are called TopHat and Sapling that are used for online homework for many classes.

I am extremely excited and humbled by the opportunity to run for Board and enact positive change on the campus I care so much about. Please contact me at als362@pitt.edu if you have any questions. Thank you and Hail to Pitt!

---

My name is Krishani Patel and I am running for a position on the Student Government Board as a Board Member. I am a Junior in the Dietrich School of Arts and Sciences, double majoring in Biology and Religious Studies. I am currently a member of the Pitt Pathfinders, a sister of Gamma Sigma Sigma, a Brigader in the Pitt Water Brigade, and a part of the tutoring committee in Phi Eta Sigma. After having the opportunity to work with these organizations, I came to the realization that I wanted to get further involved with the university and work with the administration to further develop the Pitt experience for students. If elected to Board, I would like to work with advising to implement a system that gives students a say in the advisor they would receive. I would also like to work to obtain a “Reading Day” before finals so students can have an opportunity to learn new material and succeed in their classes. Finally, I would like to work on getting many of the online programs and certificates that students are required to get along with textbooks to pass the class, for free. Some of these programs are called TopHat and Sapling that are used for online homework for many classes.

I am very grateful for this opportunity and please email me if there are any questions on my initiatives at kkp14@pitt.edu. Thank you and Hail to Pitt!
Hi, I’m Nicholas Fisher and I’m from Churchill, Pennsylvania. I am a Junior in the Dietrich School of Arts and Sciences studying Political Science and Communication Rhetoric, with a certificate in Corporate and Community Relations. When I’m not in class, you can find me serving as the current Chairman of SGB’s Community and Governmental Relations Committee, losing a game of basketball at Trees Hall, wandering around Pittsburgh with friends, or talking someone’s ear off about politics. My goal is to make Pitt an inclusive, welcoming, and innovative campus for everyone. I intend to use the experiences, concerns, and perspectives of university students to institute actionable reform. I aim to promote cross-cultural inclusion and address the concerns of any student at Pitt. Furthermore, as a president of a large student organization, I am aware of the situations that student leaders face. If elected, I can represent student organization leaders and members by bringing outsider insight into SGB that can help rebrand the board. I also represent each and every student attending Pitt because one of my main initiatives is to implement medical amnesty so students are encouraged to call the authorities for help without the fear of receiving a citation during potentially fatal alcohol incidents. Some of my other initiatives include the continuation of Sexual & Reproductive Health Awareness Week and improving resources on campus to encourage safe sex practices, and implementation of diversity training during orientation week to help students locate resources when dealing with hate speech, racism, and discrimination.

My name is Natalie Cheuk and I am currently a junior majoring in Political Science and Linguistics while doing prerequisites for my Masters in Teaching for grades 7-12. I have been involved in Chinese American Students Association (CASA) and Asian Students Alliance (ASA) since my freshmen year and am currently President of CASA. When I’m not in class, you can find me in a CSSD computing lab working as a lab consultant or on the CCLD floor of the William Pitt Union studying or hanging out with my friends. My hopes and goals for Pitt is to include a more diverse voice within student government and to bring greater representation to different groups on campus. I aim to promote cross-cultural inclusion and address the concerns of any student at Pitt. Furthermore, as a president of a large student organization, I am aware of the situations that student leaders face. If elected, I can represent student organization leaders and members by bringing outsider insight into SGB that can help rebrand the board. I also represent each and every student attending Pitt because one of my main initiatives is to implement medical amnesty so students are encouraged to call the authorities for help without the fear of receiving a citation during potentially fatal alcohol incidents. When I’m not in class, you can find me serving as the current Chairman of SGB’s Community and Governmental Relations Committee, losing a game of basketball at Trees Hall, wandering around Pittsburgh with friends, or talking someone’s ear off about politics. My goal is to make Pitt an inclusive, welcoming, and innovative campus for everyone. I intend to use the experiences, concerns, and perspectives of university students to institute actionable reform. I aim to promote cross-cultural inclusion through my Campus Safeguard Initiative, which would implement diversity town halls with the Board of Trustees, further inclusion of cultural organizations in campus events, among other similar actions. I will improve the university’s current sexual assault response protocol by working with a team of students and administrators to examine where it fails to meet students’ needs. Additionally, I aim to establish the Nu:Pund, a way for SGB to put more power in the hands of students by funding new, unconventional, and innovative ideas and projects that would improve and advance Pitt’s campus. What I’ve come to learn over my years at Pitt is that there are so many students on Pitt’s campus that have open hearts and pioneering minds, but these students may not have the resources available to make changes. I aim for SGB to serve as a vessel for student engagement, where all students are represented and heard. I look forward to speaking with each and every one of you! As always, Hail to Pitt!

Political Science and Communication Rhetoric
Hi, my name is Davis Weaver, and I am currently a sophomore studying International Studies and Political Science with a minor in Theatre Arts and a certificate in African Studies. When I'm not telling potential students how many windows are in the Cathedral of Learning as a Pathfinder (it's 2,529 in case you hadn’t heard it enough times before), or proudly representing my fraternity Beta Theta Pi, you can find me tutoring Somali refugees through Keep it Real and belting the soundtrack from Hamilton with my acapella group Pittch Please or fellow actors in University of Pittsburgh Stages.

At the beginning of last semester I joined the Academic Affairs Committee of Student Government Board where I worked with other members to improve Arts and Sciences advising in order to reflect the interests of the students, rather than random assignment. I intend to continue and support these efforts in the coming year. An initiative of mine is to work with Academic Affairs to stress the amount of general education requirements that Arts and Science students are required to take in order to graduate. The initiative will add classes that would satisfy general education requirements so that students are no longer forced to select classes from a defined list. It will work to help students graduate within four years and allow more students to study abroad and still graduate on time.

Throughout my collegiate career I’ve attempted to expand my horizons by learning about different cultures and peoples. Through these experiences, I’ve had the opportunity to learn some of the struggles of underrepresented groups on campus. Another initiative of mine will focus on marginalized groups around campus, specifically LGBTQIA+, people of color, and other commonly underrepresented groups. I intend to work closely with these groups to increase their recognition around campus.
Slate Information

**Allies**

Arlind Karpuzi (Presidential Candidate)  
Ciara Barry (Board Candidate)  
Zuri Kent-Smith (Board Candidate)  
Nihita Manem (Board Candidate)

We are the Allies slate because although we may not be able to empathize with every population on campus, we will work for everyone at the University. Just like the Boulevard of the Allies we hope our work ripples through not only our campus but through the neighborhoods and the city that surrounds us.

**The Point**

Manny Marotta (Board Candidate)  
Saket Rajprohat (Board Candidate)  
Emilee Taylor (Board Candidate)

We seek to increase interaction between SGB and the student body, streamline the University's facilities, and promote diversity and inclusion for all. The Point is Progress.

**42 Stories**

Max Kneis (Presidential Candidate)  
Ian Callahan (Board Candidate)  
Ami Fall (Board Candidate)  
Maddie Guido (Board Candidate)

We’re the 42 Stories slate. The name of our slate represents the two tenants of our mission: Pitt pride and student voices. The name 42 Stories is derived from the forty-two stories of the Cathedral of Learning, the building on our campus that represents an immense source of pride for many students; but it also represents the countless stories that there are to tell around campus. We are running for Student Government Board in order to make sure that every student gets to tell their story; our team represents a diversity of disciplines, a diversity of backgrounds, and a diversity of experience, and will leverage those connections to best serve the student body.
Our mission as a slate is to ensure that every undergraduate student at the University of Pittsburgh receives the experience they desire during their time at Pitt. We firmly hold that the only way to ensure that optimal experience is to afford every student the opportunity to tell his or her story.

**Union**

Natalie Cheuk (Board Candidate)
Nicholas Fisher (Board Candidate)
Davis Weaver (Board Candidate)

Union has a simple goal: we want to create an inclusive, welcoming, unified Pitt for you. We aim to accomplish this through comprehensive, student-led initiatives. We believe that SGB should be a transparent and accessible resource for all students to have a positive impact on the University of Pittsburgh. We're your representation, your voice, your panthers. Vote Union!

**Vote Summit**

Justin Horowitz (Presidential Candidate)
Emily North (Board Candidate)
Krishani Patel (Board Candidate)
Alex Spenceley (Board Candidate)

Our slate is committed to the success of each student and our University. We want to engage the student body and assist them in reaching their full potential, and at the end of their college experience, each has reached their Summit.

We hope students will utilize us as a resource and outlet for their voice to the administration as they work towards the Summit, whether it is in regards to campus life, academics, or the personal and professional lives of the campus body.
Thanks for Voting &...

H2P!
